A GREAT WEEK.

Next Week at the Casino—Bessie Baus Coming.

Manager Harry Hawn is keeping up to the standard of high class attractions at Lakeside casino. The past three weeks standing room has been the rule at every evening performance, while the matinees have been largely attended. For next week the famous star, Hilda Thomas, assisted by Lou Hall, will be the "headliner." Two comedies will be given—the first three days, "Men's Ambition," and the last three, "The Lone Star." Of Miss Thomas the Boston Herald says: With Hilda Thomas, "Jim" Morton and Mr. and Mrs. Nobles, the bill at Lakeside yesterday was one of the most amusing offered in a long time. There has been a number of good comedians there within the past few weeks, some with new-made reputations, and others who are old standbys, but in the list of impersonators, Hilda Thomas stands at the top.

There will be five other high class acts, including Tom Moore, the great "Coon Shouter," and Bessie Baus, a charming little soubrette, who formerly lived in Akron.

COFFEE SENSE.

To Drink, or Not to Drink, the Question.

A prominent St. Paul woman comments on coffee as follows:—

"While I was drinking coffee I was troubled with sleeplessness and palpitation of the heart. I began to feel suspicious of coffee poison and having no desire to drug myself, realized how inconsistent it was for me to continue the use of anything that helped to break me down, so I quit coffee and began using Postum Coffee.

Now I sleep well and consequently feel refreshed, and am much strengthened. Palpitation of the heart has ceased and altogether life seems worth living.

Some of our family like a little coffee mixed in with the Postum; that, of course, is much healthier than the old fashioned coffee alone."

It is true that very strong coffee of the best flavor has a little more fascinating taste to some palates than pure Postum. On the other hand, there are thousands of people who prefer the flavor of Postum, pure and simple. If coffee agrees perfectly, and people are not ill in any way, there seems no good reason why coffee should be discontinued unless there is a fear of disease finally setting up from the continued use of a drug. On the other hand, if any member of the family is ailing in stomach, bowels, kidneys, eyes, or the nervous system, such a one should immediately quit ordinary coffee and take Postum Food Coffee. A sure result can be depended upon and a gradual feeling of health and strength will come from the change. Health, of course, is worth almost every thing on earth.

Some people are so constituted that it is hard for them to give up a habit even if good health is the reward, but it is perfectly easy to leave off coffee when one can have a well boiled cup of Postum in its place.

POINTED PARAGRAPHS.

When a man tells a joke he seldom forgets to laugh. As girls grow older they think less of love and more of money.

REFLECTIONS OF A BACHELOR.

A woman's idea of learning how to play a game is to learn how to count the points.

A funny thing about a position in society is that after you have it you don't need it any more.

Lots of people would rather eat corned beef and cabbage if they weren't afraid the servants would laugh at them.

You can tell whether a woman cares for you by the way she tries to make you believe you don't care for other women.

THREE BEAUTIFUL WOMEN
Worn Out And Nervous Regained Their Health And Beauty By Taking Peruna.

Miss Florence Allan, a beautiful Chicago girl, writes the following to Dr. S. B. Hartman concerning his catarrhal tonic, Peruna:

75 Walton Place, Chicago, Ill.

"As a tonic for a worn-out system, Peruna stands at the head in my estimation. Its effects are truly wonderful in rejuvenating the entire system. I keep it on hand all the time, and never have that 'fired feeling,' as a few doses always make me feel like a different woman."—Florence Allan.

Thousands of women suffer from systemic catarrh. This is sure to produce such symptoms as cold feet and hands, sick headache, palpitation of the heart and heavy feelings in the stomach. Then begins a series of experiments. They take medicine for sick headache. They take medicine for nervous prostration, for palpitation of the heart, for dyspepsia. None of these medicines do any good because they do not reach the cause of the complaint.

Peruna at once mitigates all these symptoms by removing the cause. Systemic catarrh is the trouble. Systemic catarrh pervades the whole system, deranges every organ, weakens every function. No permanent cure can be expected until the systemic catarrh is removed.

This is exactly what Peruna will do. Miss Cullen Was Exhausted From Over Study.

Miss Rose Cullen, President of the Young Woman's Club, Butte, Montana, writes:

921 Galena street, Butte, Mont.

Gentlemen—"Peruna has many friends in Butte. I cannot say too much in praise of it. While finishing school I became very nervous and exhausted from over-study. I was weak and sick, and could neither eat, sleep nor enjoy life. A couple bottles of Peruna put new life in me. I find by having it in the house and taking a dose off and on it keeps me in fine health. A large number of my friends place Peruna at the head of all medicines."—Rose Cullen.

Peruna is especially adapted to protecting against and curing nervous diseases of run-down women, as the testimonial of Miss Cullen indicates.

Miss Blanche Myers, 3129 Penn street, Kansas City, Mo., has the following to say of Peruna:

"During each of the past four seasons I have caught a severe cold, when suddenly chilled after an evening party, and catarrh for several weeks would be the result. One bottle of Peruna cured me, and I shall not dread colds any more as I did."—Blanche Myers.

An excellent little treatise on "Health and Beauty," written especially for women, by Dr. Hartman, will be sent free to any address by The Peruna Medicine Co., of Columbus, Ohio.
